I'll pass on to my staff that we should include CARB in any CA district comments we send by letter or email.

Doris Lo
Manager, Rules Office (AIR 3-2)

Subject: RE: YSAQMD Rule Updates

Hi Laura and Doris,
This brought up an interesting point. The quick turnaround for this rule was not on our radar and we did not have the opportunity to review this rule change. WE'll send a reminder to the District, as well. But, I seem to remember that way back, Andy Steckel would copy us on EPA's comments on district rules. That way we are able to circulate those changes and track EPA's requests.

Would it be possible for you to include us on your comments on district rules?

Thank you,
Carol

Yes, your link is to the correct NOI.

CBD is incorrect about a submittal not being made, as you noted, we sent a complete letter on 5/6/18. However, because this submittal was subject to a Finding of Failure to Submit (FFS) action, there is not only a submittal deadline, which was met, but a deadline for EPA to either take an action fully approving the submittal, or implement a FIP to fill the gap in the SIP. If we had proceeded with the current, but not fully approvable version of the rule, it would not have relieved EPA of the FIP obligation, because the approval was not a full approval.

Laura

Also, is this the NOI you are referring to?

https://www.biologicaldiversity.org/programs/environmental_health/pdfs/CA-AZ-PM-O3-NOI.pdf

I see there was a completeness letter for this on 5/16/18.

Steph

Hi Stephanie,

Paul is correct. To avoid a lawsuit regarding Rule 3.25 (EPA's failure to approve or implement a FIP), EPA would like to receive the submittal ASAP. (Next 2 weeks would be great!) We have drafted our rulemaking documents based on the version of the rule Y/S sent us that they were proposing for approval. We are now just waiting for the actual submittal to drop in the submittal dates.

Thanks,
Laura

Subject: RE: YSAQMD Rule Updates

Hi Stephanie,
The Rule 3.25 is a bit of a priority, because EPA has received a Notice of Intent to Sue, listing their failure to implement a FIP for the lack of a SIP approved NNSR PM2.5 program in our District. I've copied Laura Yannayon on this e-mail and she can tell us whether July is fine, or whether they want it sooner. I've attached the Rule 3.25 submittal documents here.

For Rule 2.27, July would be fine. Ben will be submitting those documents separately.

Thanks,
Paul Hensleigh

Hi Paul,

Thank you for the updated rules. I will post them to the District Rules Database (DRDB) website.

As an FYI, I serve as the lead staff person to process district rules now. Ariel serves as the back-up if I am out of the office. Also, please include Carol Sutkus, our supervisor, on emails as well. For the SIP submittals, email submission is great and there is no need to also mail a hard copy via the postal mail. Lastly, when you email the materials, please let me know if there is any rush or if the rules can be sent to US EPA with our second quarter package, which will be sent to Region 9 in July.

Sincerely,
Stephanie

Ariel,

Please post the attached 3 rules to ARB's webpage for Yolo-Solano's Rules:

- Rule 2.27 LARGE BOILERS
- Rule 2.45 BOILERS
- Rule 3.25 RULE 3.25 FEDERAL NEW SOURCE REVIEW FOR NEW AND MODIFIED MAJOR PM2.5 SOURCES

We will be working on SIP submittal forms for Rules 2.27 and 3.25.

Thanks,
Paul Hensleigh
